### Creations by Naomi News:

**Our shop at the E Shed Markets in Fremantle is now up and running.**

Mosaic  
Seahorse

We carry most of the same stock at the new shop.

We have moved the Mosaics and Artwork to the Fremantle store.

We can not sell Pearls at the Fremantle store, so you've got to come up to Subiaco if that's what you are looking for.

### The application for Redevelopment of the Subiaco Market site...

We haven't, had much news on the redevelopment as yet.

After speaking to the planning department at the Subiaco Council I was able to find out that the council did not support the application as it was presented. The application is now under review by the Subiaco Redevelopment Authority.

The Developers will submit a second application to council for consideration this month with revisions.

So it's still a case of wait and see.

For more information on the application contact either The City of Subiaco, or The Station Street Markets management.

**At the moment we have no plans to change or relocate the Subiaco Store.**

We would like to offer our valued customers a special one off offer of a further 10% (on top of our already discounted prices) on all products in both our Subiaco and Fremantle Stores.

Print the Following Page and present it when you make your purchase for your extra discount.

New Artwork  
Available at our  
E Shed store
